

Class news for Term 2 from P3LP and P3JM.

Welcome back! We hope you all had a lovely October holiday. As it is colder and darker outside please ensure your child comes to school with a jacket, hat, scarf and gloves – with names on them!

This term we will be learning about Forces and Magnetism. We will be investigating these through our context of learning ‘Santa’s Workshop.’

In the lead up to Christmas we will also be learning about different celebrations and customs eg. Diwali, St Andrew’s Day. We have started to practise our Christmas songs for our December concert.

In **Maths** we will be learning about pattern, tiling and symmetry. In **Numeracy** we will continue to work on different addition and subtraction strategies.

Please continue to practise the ‘Learn Its’ at home. We are now recording our ‘Beat That’ scores at the back of our ‘Learn It’ jotter.

In **Literacy** this term we will focus on functional writing. We will be writing instructions for and recording our science experiments. We will research information using I pads and non-fiction books and share our findings with each other.
